

Hoye sake hai ki pahale koi aapke online account hack ya access karis hoyi. I bahut jaruuri hai ki aap apan online jaankaari aur accounts safe rakho taaki koi aapke jaankaari ya pahachaan apan faayda ke liye chori nahi kare.

Aapke online jaankaari aur accounts aur safe banaaye ke liye i tiin tips hai:

1. **Strong password** aur [two-factor authentication](#) **ke set karo** taaki baaki log ke aapke accounts aur jaankaari access kare ke liye aur hard hoye jaaye.
2. **Log out kare ke kabhi bhulna nahi** – apan online account active yah unattended nahi chor'o, khaaskar jab aap apan phone, tablet ya computer koi aur ke sange share karta hai. I aasaan kaam aap ke bachaaye sake hai taaki log aap ke account aur personal jaankari nahi access kar sake.
3. **Log-in alerts set up** karo taaki aap i jaan sako ki koi aap ke account access kare ke kosis kare hai.

Ek strong password konchi hai?

Password aapke jaankaari ke bachaaye rakhe aur koi ke aapke email, social media ya koi online account ke access kare se roke ke ek tariika hai. Password aap set karta hai aur letters, numbers, symbols ya tiino se bane sake hai.

Ek strong password ke liye paanch tips:

1. Duusar ke aapke password guess karna hard rahe – jitna random rahi, utna accha.
2. Kamti se kamti che characters lamba, aur numbers, letters aur special characters (jaise \$, # ya &) mix karke banaao.
3. Apan har ek account ke liye ek alag password use karo. U rakam se, agar koi aap ke passwords me se ek password jaan jaaye hai, tab u automatically sab account ke access nahi kar payi.
4. Passwords kisi se bhi share nahi karo.
5. Make sure aap iske yaad kare sako!
